Overview of Technology at UIC

**Administrative Information Technology Services (AITS)**
- Payroll
- Purchasing
- Registration
- Grades

**Academic Computing and Communications Center (ACCC)**
- IT Campus Infrastructure
- Productivity & Instructional Tools
- IT Support
- IT Security

University Administration (UA)  UIC
ACCC

IT Infrastructure:
- WiFi, VPN, Eduroam,
- Computer Labs,
- Multimedia Classrooms,
- High Performance Computing.

Tech Support:
- Helpdesk, Classroom Support,
- C-Stop, C-More, NOC,
- Equipment Checkout,
- Instructional Technology Lab.

Tools/Software:
- Email, MS Office, Box,
- Blackboard Learn, Echo360,
- ShareStream, Google Apps,
- Qualtrics, etc.
  (Check the Webstore before buying SW)

IT Security:
- Policy & Compliance (confidentiality, integrity, and availability)

If you have questions about any academic technology, email consult@uic.edu

Supporting Student Success

• *Technology* add direct value to the student experience and core UIC goals.
  
  – Help increase productivity and efficiency
  – Support student mobility
  – Help track students’ progress to identify at-risk students
  – Support individual learning preferences
  – Encourage student learning and engagement
Supporting Students Success

Choose the tools that work for you and your students.

- keep it simple!
- Try and refine
- Get help
Supporting Students Success

- Create announcements and send emails to the class roster – **you can even see a photo roster!**
- Share documents such as the syllabus, readings, and presentation slides
- Collect student assignments and grade without downloading a file
- Use quizzes to provide immediate feedback
- Keep a Grade Center – **the easiest way to upload your final grades to Banner!**
ACCC can help you:

- Use multimedia in your classroom
- Provide web access to class materials
  - Collect assignments online
  - Communicate with students via the web
  - Keep an online grade-book
- Record your lectures for on-demand viewing
- Download final grades formatted for Banner
  - Stream videos
- Connect speakers to your class via the web
  - Publish a personal website or blog
  - Collaborate online w/students
- Store files for sharing and commenting

... and much more.
Thank You!
